

Presentation

The first Geomatics Meeting aims to be a platform of exchange and communication for people interested in this discipline. It offers an overview of its possible applications for all users. Professionals from different sectors will explain the role of Geomatics in solving problematics related to their various disciplines. Many lectures, posters, demonstration on computers and workshops will be held. Scientists will also show how Geomatics take more and more important part in their research.

RSG'2013

Rencontre des Sciences Géomatiques
First edition

Secretary

El Mehdi GUELZIM

AMJG, Faculté des Sciences de Rabat
4 Avenue Ibn Battouta B.P. 1014 RP, Rabat.
MOROCCO
Tel : (+212) 6 67 62 94 94
